ATTEND A CEA COUNTY FORUM
IN YOUR AREA

You probably heard about the CCJEF court decision. Education advocates sought increased funding and resources for our schools—especially schools in need. The judge ruled against that request, but is seeking broad overreaching mandates on everything from determining how teachers are evaluated, compensated, and fired to requiring new graduation requirements for elementary and high school students to denying education to severely disabled children and redistributing existing education funds.

Attend a CEA County Forum to

- Hear the latest on the CCJEF case, the appeal, and how it could impact you and your classroom.
- Get the facts on the new Every Student Succeeds Act (ESSA) which allows states to eliminate certain mandates regarding testing and teacher evaluation.
- Express your opinion—your feedback will be important in shaping Connecticut’s ESSA plan.
- Talk to local legislators and let your voice be heard.
